**Taste, consistency, and value!**

Smart Chicken's air-chilling process results in a more tender and flavorful organic chicken.

Air-chill is a unique processing method where freshly harvested chickens are individually cooled with purified air, as opposed to water immersion. This process preserves the natural flavor and tenderness of the meat, minimizes water purge, and reduces the risk of contamination.

THIS SPECIAL PRICE IS ONLY GOOD FROM APRIL 23 THROUGH APRIL 29, 2025!
